

Installation Instructions for 9555 USB Driver H2RF0902

Prior to using the data modem features of your 9555 handset described in the 9555 Data Services Manual, you must first install the VCOMPORT 9555 USB Driver. This driver is compatible with: 32 bit versions of Windows XP® Service Pack 2, Windows XP® Service Pack 3, Windows 2000® Service Pack 4, and Windows Vista® Service Pack 1. Note that 64 bit versions of Windows are not supported at this time. For updated information regarding compatibility with other Windows® operating systems, please contact your Iridium Service Provider.

The driver is located in the following directory on your 9555 Data CD:

\\9555 USB Driver\\VCOMPORT

Before beginning the installation please ensure you have the following items:

9555 Handset

9555 Data CD

USB Cable (Standard to Mini connectors)

Installing the 9555 USB Drivers on Windows XP® Service Pack 2 and Service Pack 3
